

CON-FORM

CONCRETE FORMWORK SYSTEMS

FLEXIBLE CON-FORM BOARDS

For over 10 years – Con-Form has been leading the way in concrete boxing, taking the place of heavy timber formwork such as LVL. The lightweight flexible boxing is designed to suit many applications.

Joiners give an almost seamless finish and the Camlocks make setting out and adjusting as simple as turn and twist. Think of how much timber you would buy in 7 years, add the extra set up and stripping time, and see why Con-Form is not only going to eliminate splinters in your hands but also the draining of your wallet.

- No more nailing - de nailing
- No power required
- No more twisted & warped boxing

Product Code	Description
PF754.8	75mm 4.8m Length
PF1004.8	90mm 4.8m Length
PF1504.8	150mm 4.8m Length
PF2004.8	200mm 4.8m Length

Easy height adjustment, just lift and clamp.

Product Code	Description
CSF100	Con-Form Board Super Flex 90mm X 4.8m
